## DECLARES HUNGARIAN CAUSED THE WORLD WAR

Count Tisza, Former Hungarian Premier, Instigator of Plot That Started War, Says Priest

ARCHDUKE WENT ON DARE

Spiritual Adviser of Dutchess of Hohenberg Bares Plot

(By Associated Press)  
Berns, March 12.—Charges that the assassination of Archduke Francis Ferdinand and his wife, the Duchess of Hohenberg, at Sarajevo, Serbia, on June 28, 1914, was the result of a deliberate plot led by the late Count Tisza, former Hungarian premier, are made in a pamphlet written by a priest who was the spiritual adviser of the Duchess, according to a Vienna dispatch. The pamphlet entitled "The Serejevo Murder and Count Tisza's Responsibility for the World War," is said to have made a profound impression in Austria.

It is declared Francis Ferdinand repeatedly refused to go to Sarajevo and it was only an appeal to his courage that induced him to make the trip.

He was simply led into a trap prepared by the courts at Vienna and by the Hungarian aristocracy, headed by Count Tisza, it is alleged.

## GOVERNOR ASKS ATTY. GENERAL TO WAGE FIGHT

Court Action Will be Started to Prevent West Virginia Cutting Off Gas Supply

(By Associated Press)  
Columbus, O., March 13.—Governor Cox today sent a letter to Attorney General Price directing him to begin action in the courts to prevent the state of West Virginia from putting into effect a law enacted in that state which threatens to cut off Ohio's natural gas supply.

## CLASSIFICATION AMENDMENT WILL BE RE-SUBMITTED

Direct Inheritance Tax Also to be Provided by Ohio Solons

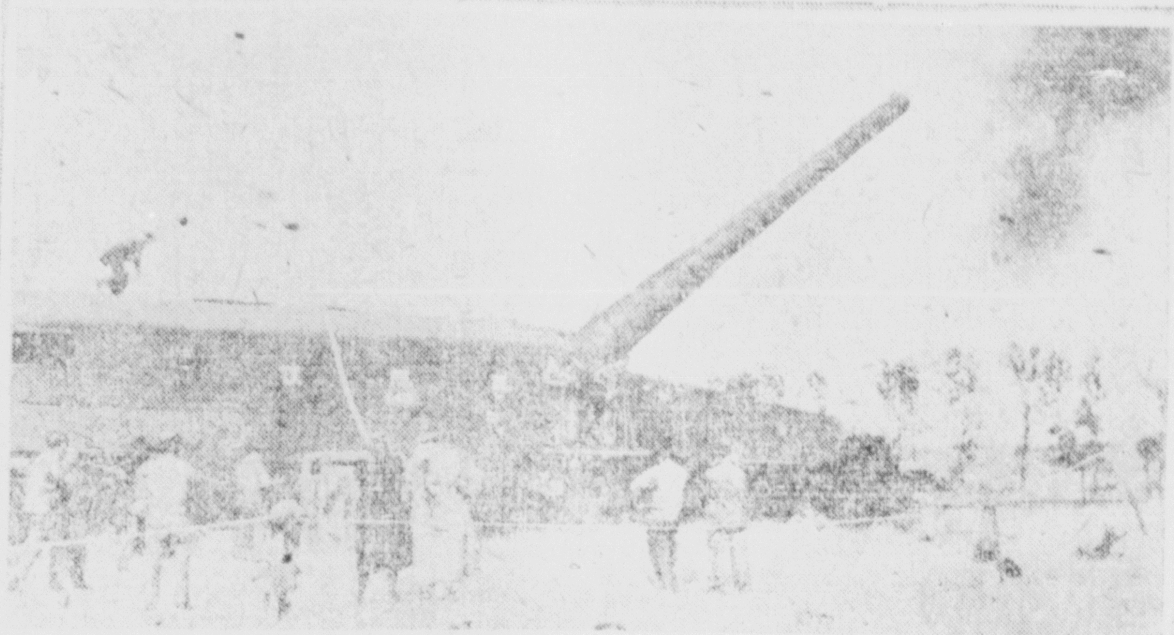

(By Associated Press)  
Columbus, O., March 13.—The joint taxation committee of the legislature will report a resolution today submitting a constitutional amendment for classification of property for taxation at the primary election August 12th, and is now at work on a bill to provide for a direct inheritance tax.

## OHIO CASUALS REACH AMERICA

(By Associated Press)  
New York, March 13.—The steamship American arrived today from Brest with 7,012 troops of the Twenty-seventh Division.

Also on board were casual companions 935 and 951 of Ohio.

## NAVAL GUN THAT HELPED SMASH HINDENBURG LINE

GIANT 14-INCH NAVAL GUN IN ACTION

One of the huge 14-inch U. S. naval guns that helped smash the Hindenburg line during the last days of the great war. The photo, one of a series recently released by the censor, shows the great gun in action.

## MORE PROOF OF GERMAN DUPLICITY IN BRINGING ABOUT THE WORLD STRIFE

Telegrams Sent From Berlin Show How Huns Were Determined to Launch Conflict Under Pretense

INSISTED UPON NO DELAY

Mentioned England's Mediation Plan But No Consideration Was to be Given It

(By Associated Press)

Paris, March 13.—Two dispatches sent by Count von Szogyeny Marich, Austrian ambassador at Berlin before the war, to the Austro-Hungarian foreign ministry showing Germany was backing Austria in her warlike attitude toward Serbia, have been made public by the Serbian minister to France.

The first report says: "Berlin, July 25, 1914. It is generally supposed here that a negative reply from Serbia will be followed on our part by an immediate declaration of war and military operations. Any adjournment of military operations would be considered here as very dangerous on account of intervention by other powers. We are counseled with greatest insistence to pass immediately to action and thus put the world in face of an accomplished fact."

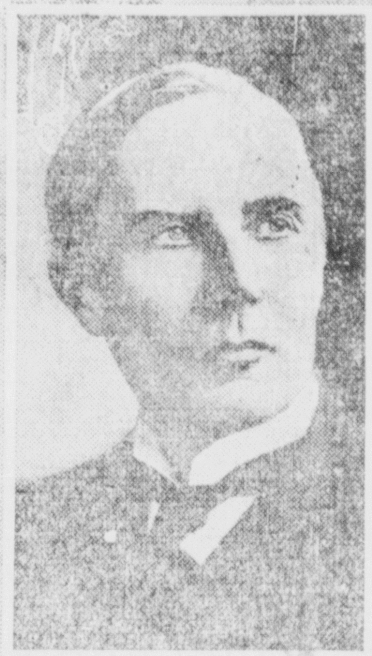

The second dispatch said: "Berlin, July 27. The secretary of state has just declared to me positively that very soon eventual propositions of mediation from England will be brought to the knowledge of your excellency. The German government assures me in the most convincing manner that it in no way identifies itself with these propositions; that it is absolutely against their being taken into consideration, and that it will only transmit them to us to give effect to the British request."

## RADICALS ARE FACING CHARGE

(By Associated Press)

New York, March 13.—Charges of being "avowed anarchists" were preferred by the police today against three men and one woman, the only persons held after a raid last night in a building on East Fifteenth street in which 162 men and women were arrested on suspicion of their being connected with Bolshevik and extreme radical organizations.

## BRITISH AMBASSADOR

HERBERT A. FISHER  
Herbert Albert L. Fisher, Minister of Education in the British Cabinet and one of Great Britain's foremost scholars, will be appointed British Ambassador to the United States, succeeding Lord Reading, according to a dispatch from London. Mr. Fisher is well known in America having lectured throughout the country during 1909. He is the author of many historical and political works.

## OWL TRAPPED

Indianapolis, March 13.—(Associated Press)—Joan W. Talbot, of South Bend, Indiana, president of the Order of Owls, was fined \$200 and costs today in the United States District Court after pleading guilty to placing in the mails printed matter "calculated to incite arson, murder and assassination."

## HUN DELEGATES

(By Associated Press)

Weimar, March 12.—The German delegates to the peace conference will be Count von Brockdorff Rantzau, the foreign minister; Dr. Edward David, majority socialist; Dr. Adolph Warburg; Dr. Muller, minister to Switzerland; Professor W. M. Schuecking, minister of posts and telegraphs, in the Prussian ministry.

## RIOTING BREAKS OUT FOLLOWING ANNOUNCEMENT

Strikers Displeased When Told Trouble Will be Submitted to War Labor Board

(By Associated Press)

Newark, N. J., March 13.—Shortly after officials of the public service railway corporation had announced this afternoon that the controversy involving its striking employees would be submitted to the war labor board in Washington, rioting broke out here.

A crowd of strikers stormed two cars attacking the crew and smashing windows. Two men were taken to a hospital and two strikers and one sympathizer, the latter in soldier's uniform, were arrested.

## QUEEN MARIE IN LONDON

London, March 13.—(By Associated Press)—Queen Marie of Roumania and her daughters arrived in London from Paris yesterday. They were met at the station by King George, Queen Mary and the Prince of Wales. Queen Marie and her daughters will be guests at Buckingham Palace for three weeks.

## SPARTACAN FORCES ARE DRIVEN OUT OF BERLIN

Backbone of Bloody Opposition is Broken by Government Troops in Severe Fighting

MANY PRISONERS EXECUTED

Bestial Acts of Utmost Cruelty Are Committed by the Spartacans

(By Associated Press)

Copenhagen, March 13.—The German government forces after lively fighting have succeeded in driving the Spartacans out of the east end section of Berlin, including Lichtenberg, according to a Berlin dispatch filed Wednesday.

The occupation of the district was systematically carried out by the government forces. Considerable quantities of arms and munitions were captured. The government losses are declared not to have been heavy.

The bestial acts of cruelty by the Spartacans have been fully confirmed, the message says.

## USE ARTILLERY

(By Associated Press)

Berlin, March 13.—Spartacan forces under pressure from government troops using artillery and mine throwers were abandoning their positions in Lichtenberg this morning. Many of the prisoners taken by the government forces were executed.

## AGED WOMAN DIES IN FIRE

Xenia, Ohio, March 13.—(By Associated Press)—Locked in her little room on Lexington avenue, Mrs. David Green, 79 years old, an invalid, burned to death Wednesday before neighbors could rescue her from the fire which consumed the house. Her husband, according to custom, locked the woman in the house when he went to work.

## SOUTH AMERICAN COUNTRIES ASK FOR A BILLION

Latins Seek Reparation From Germany, Chiefly for Vessels Sunk, Reaching Big Total

(By Associated Press)

Paris, March 13.—Estimates so far received from South American governments of damages incurred in the war indicate the total bill for reparation from those countries will be one billion dollars.

The claims are confined largely to ships sunk by the enemy.

## READY TO GREET THE PRESIDENT

(By Associated Press)

Brest, March 13.—Colonel E. M. House and French officials have arrived here to greet President Wilson when he lands from the George Washington. Brest is gaily decorated for the occasion.

## BRITISH FOOD HEAD

GEORGE H. ROBERTS

George H. Roberts, the British Food Minister, in an address at Newcastle, England, said he could state on absolutely unimpeachable authority that the situation with regard to food in great areas of Europe was nothing less than tragic, according to a report from London. He said that Serbia, Rumania, Austria and Germany are starving and that the question of the moment was to get sufficient food to these countries in time to prevent a catastrophe.

## INDEPENDENCE IS SOUGHT BY THE KOREANS

Declaration Points to 30 Centuries of History and Says Will Fight Until Last Drop of Blood for Liberty

(By Associated Press)

Washington, March 13.—The Korean independent movement has spread to sufficient importance to attract attention in foreign chancelleries.

## "NO MEAN PEOPLE"

(By Associated Press)

Seoul, March 13.—The declaration of Korea's independence says it represents the voice of 20,000,000 persons "speaking in the name of justice and humanity."

"We are no mean people," the declaration says. "We have 43 centuries of history as a distinct self-governing nation."

The declaration also says it is the duty of Koreans to secure their independence from Japan and says "we shall fight to the last drop of blood in the great cause of liberty."

## CINCINNATI ARTIST DIES

New York, March 13.—Miss Harriet Bonte, formerly of Cincinnati, died of pneumonia at the home of her parents, Mr. and Mrs. Charles Edgar Bonte, in this city, on March 5. Miss Bonte was an artist and devoted her time to juvenile and fashion illustration. She was a granddaughter of John Bonte, one of Cincinnati's early citizens.

## SEE EARLY END OF BIG STRIKE OF HARBOR MEN

(By Associated Press)

Washington, March 13.—Early settlement of the New York harbor strike was predicted today by Department of Labor Officials when they were advised that some of the private boat owners were willing to accept proposals of their employees.

It was stated that the government stood ready to divert shipping to other ports if necessary.

## WILLARD IS ACCUSED OF A FRAME-UP BY JOHNSON

Former Black Champion Declares Jess Willard and Himself in Frame Up For Havana Bout

WILLARD ISSUES DENIAL

Johnson Wants Another Try at Willard, Saying if Willard Refuses He Will Claim Title

(By Associated Press)

Havana, Cuba, March 13.—Jack Johnson, former heavy-weight champion pugilist, in a signed statement given the Associated Press today declares his fight with Jess Willard here four years ago was a pre-arranged affair and that he allowed Willard to win.

In addition to the sum of \$30,000, entire rights to the moving picture films in Europe and one-third of the proceeds from their exhibition in the United States, together with the promise of aid to settle Johnson's difficulties with the Federal authorities were promised.

The former champion declares unless Willard agrees to fight him within a reasonable time he will claim the championship.

## WILLARD'S DENIAL

(By Associated Press)

Lawrence, Kansas, March 13.—"Jack Johnson simply needs the money and is trying to put over another match," was the comment of Jess Willard today.

"There is absolutely nothing to it," he said.

## MANAGER TALKS

(By Associated Press)

Columbus, O., March 13.—"Willard won the championship on his merits," said Tom Jones, his manager at the time of the Johnson-Willard match, in a statement today. "It was not a pre-arranged affair," he said.

## NEGOTIATIONS AT POSEN BROKEN OFF BY GERMANS

Wish to Obtain Additional Instructions From Government Before Concluding Terms

(By Associated Press)

Paris, March 13.—The negotiations at Posen between the German delegates and members of the interallied mission to Poland over the Polish frontier situation have been broken off by the German delegates, according to a Berlin dispatch printed in Le Journal.

The Germans have already left Posen "as a protest" against their treatment by the allies," the newspaper reports.

In a foot note Le Journal adds that according to its information the Germans by no means indulged in a manifestation like that at Spa, but simply asked suspension of negotiations to enable them to get instructions.

## PRESIDENT NEAR FRENCH COAST

(By Associated Press)

Brest, March 13.—At 8:30 last night the George Washington was between 400 and 500 miles off the French coast. From the steamer President Wilson last evening sent a message saying he expected to arrive here sufficiently early to start for Paris Thursday evening.

## COLUMBUS PIKE TO BE REBUILT WITHOUT DELAY

State Sets Aside \$10,000 Per  
Mile to Foot State's Cost  
of Trunk Highway.

Kind of Material Not Yet  
Decided Upon But Road  
May Be Paved.

The Columbus pike is to be rebuilt during the present season.

This is the assurance brought back from Columbus by Commissioners Williams and Heglar who met the State Highway Department officials on Tuesday of this week, and succeeded in obtaining an appropriation to pay the state's share of the improvement to be made.

While the state has set aside \$10,000 per mile for the 12.8 miles of the road in Fayette county, the action does not mean, it is explained, that the cost will be \$20,000 per mile, but may be more or may be less, depending upon the kind of material used and width of the road.

It is expected that the eight miles of unimproved road in Madison and Pickaway counties will be rebuilt at the same time, and that the improvement, or at least the bulk of it, will be made this season.

It is the intention of the State and county authorities to push all plans necessary for the improvement, so that the contract may be let as early this spring as it is possible to do it, and the contract will provide that the road be rebuilt this year.

Under the state-aid plan one-half of the cost of the road will be borne by the state, 25 percent by the county, 15 percent by the townships and 10

percent by the abutting property owners.

The information that the road is to be rebuilt this year will be welcomed by everyone in the county who has occasion to go to Columbus by automobile.

## OFFICIALS WILL HOLD JOINT MEETING

The County Commissioners and all township trustees of the county have been called into joint session for Saturday afternoon at one o'clock for the purpose of taking up road repair and road rebuilding matters for the coming year. County Road Superintendent Tom J. Grove called the meeting, an annual session of the officials being required by law.

It is expected that some definite road maintenance plans will be agreed upon, and that the meeting will be very beneficial.

## BUILDING ADDITION TO CHURCH STRUCTURE

An addition some twenty feet in length is being added to the rear of the Logan property on North North street. Several men are employed and the work will be completed within a few days.

The structure now occupied by the Church of Prayer and the extension is added to accommodate the increasing attendance.

The building is located just south of Dr. D. H. Rowe's office, and formerly was a cottage.

Masquerade tonight. I. O. O. F. Hall. D. of A. Admission 10c.

## HAZING CHARGE IS FILED BECAUSE OF ENFORCED HAIR CUT

As a result of a prank by a number of High School boys, Wednesday night, when Sammy Nelson, son of County Superintendent of Schools, O. S. Nelson, was forcibly deprived of part of his hair when the boys wielded the clippers, as had been their practice occasionally in recent years, a blanket affidavit against 5 of the lads, charging hazing, was filed before Mayor Dahl by O. S. Nelson, Wednesday night soon after the occurrence.

Thursday morning the boys, Willis Willis, Dick Haynes, Kenneth McCrea, Tom Rodgers and Cline Deer, appeared to answer to the charge of hazing. The prosecution was represented by Gregg, Patton and Gregg, and the accused by Post & Reid.

The affair, it seems, occurred when the boys in a spirit of fun forcibly escorted the Nelson lad to a barber shop and proceeded to wield the clippers. A score or more of boys witnessed the proceedings, several of the boys previously having undergone similar treatment during an outburst of hilarity.

The boys waived examination and were held to the common pleas court under \$100 each.

## FINNELL ESTATE WORTH \$200,000

Michael L. Finnell, of Osborn, prominent lodgekeeper, banker and grain merchant, who died last week, left an estate valued at \$200,000 which is all in personal property, according to the estimate given in probate court Monday afternoon when letters of administration were issued to his widow, Mrs. Attie Tranchant Finnell.

Mr. Finnell left no will. He owned no real estate, having disposed of all his realty including his milling plant and his home, to the Miami Conservancy District some time ago.

H. M. Allen, Fred Diefenbach and Frank A. Marchant were appointed appraisers of the estate by the probate court.—Xenia Gazette.

## HAVE DISCHARGES READY TO DELIVER

Thirty-five army discharges left at the County Recorder's office by Fayette men back from service, have been recorded and are ready to be delivered to the owners, who are requested to call and obtain them. The discharges ready to return to the owners are those of Naylor H. Cooks, Earl Greer, William H. Weaver, Albert H. Rogers, Ray Clark McDole, Bliss Arnold Brown, Carl Whitted, Alfred Dean Milburn, William Markley, Edgar Graves, Leroy R. Knisley, Erwin J. Jacobs, Wm. Paul Zimmerman, Marlon Jones Wilson, Charles B. Cook, Orley M. Fitzpatrick, Harvey B. Graves, James Job Burris, Robert Altemann, Leonard Leo Loudner, Thomas J. Loudner, Jess Howard Maddux, Otto Lee, Rollo Franklin Hodge, Ovey B. Brewer, Walter B. Blackmore, Harry Lutz, Clifford Householder, Sam Henry Gullery, Willard J. Chamberlain, Cletus Eugene Hartman, Ernest L. Wilt, Alvin D. Dickerson.

## \$60 BONUS BRINGS IN MANY DISCHARGES

On account of the impetus added by the \$60 bonus offered to the discharged soldiers, discharges are being submitted to the County Recorder at a rapid rate. This is a preventive against loss in case the discharge mis-carries when it is sent to Washington, D. C., or is lost in any way by the holder.

All men eligible for the bonus may call at the Red Cross rooms on the corner of Main and Market streets and receive a blank for which to apply for the money.

There seems to be a misunderstanding as to the payment of the bonus to the boys in the Student Army Training Camps. These men are eligible for the bonus the same as all other enlisted men in any branch of the service, it is announced.

## BATHS SCARCE AMONG RUSSIANS YANKS ANNOYED

Steam Baths in Air-Tight Rooms  
Not at All Popular with  
American Soldiers

Archangel, March 1.—(By Associated Press Correspondent).—The soldier of the American North Russian Expedition misses the American bath tub and its simplicity and frequency. He is annoyed at the ceremony and difficulty one must undergo to obtain a Russian bath. Only in the homes of the wealthy, in the cities, and rarely, if ever, in the villages, is it possible to find a bath tub or a shower.

The Russian bath is a steam bath, is a steam bath in an airtight room where water is thrown on a stove to make the steam. The bather then douses himself liberally with buckets of water after perspiring.

Some of the Americans fortunate enough to be in permanent billets or barracks built by the engineers, have their own modern shower baths, but those in the villages patronize the Russian institutions.

In Archangel, there are two bath houses, each having accommodations for a hundred or so customers in the steam room, but there are only two private rooms with tubs and showers in the bath houses and these are booked for days in advance by officers and soldiers.

One of these private rooms is really a suite, elaborate as if it were intended to accommodate a guest for a week, instead of for the brief period of a bath.

## MRS. FAIRBANKS IS BRIDE.

New York, March 13.—Mrs. Beth Sully Fairbanks, daughter of Daniel Sully, "cotton king," and divorced wife of Douglas Fairbanks, film star, and James Evans, Jr., a Pittsburgh broker, were married here Wednesday in the Church of the Ascension.

## HAS YOUNG WIFE

Maurice Maeterlinck, the noted Belgian playwright, at fifty-eight, is still pursuing the Blue Bird of happiness. He divorced his first wife, Georgette and has married Rene Dahan, a young actress of twenty-six, according to a report received here. The bride is a popular French actress who several years ago made a hit in Paris as Tytyl in Maeterlinck's "The Blue Bird." At that time Maeterlinck's first wife appeared in the role of Light.

## 1000 GALLONS COFFEE DAILY

Pittsburg, Pa., March 13.—(By Associated Press).—Soldiers and sailors who passed through Pittsburg during the first twenty-one days of February drank on an average of 1000 gallons of coffee a day, according to a report just issued by the canteen service of the Red Cross. In the time stated, 23,491 soldiers and sailors entered the city. The report shows that in that time, 38,249 sandwiches, 21,000 gallons of coffee, more than 7,500 doughnuts and other articles were distributed to the fighting men.

## BULGAR TACTICS TOLD BY SERBS

Nish, Serbia, February 10.—(Correspondence of the Associated Press).—Cumulative evidence has been given the correspondent of the Associated Press by many Serbian mayors or prefects, of a studied attempt by Bulgarians during their occupation of Serbia, to exterminate part of the civilian population.

In the town of Bela Planca the number who fell victims of Bulgar massacres is placed by the Chief of Police at three hundred. At the invitation of this official, the correspondent visited the scene where many of these murders were carried out. He saw heaps of human bones, skulls and fragments of clothing. No effort apparently had been made by Bulgars to give their victims burial and their bodies were left exposed to dogs and wolves.

Among the Serbians killed here was a seventy year old monk.

The Bulgar posted a special guard about this place of slaughter which is situated high up on Lemon Hill, and forbade any Serbian going near it under penalty of death.

## 1 MILLIONAIRE ENTERS LIBERTY SWEEPSTAKES RACE MAY 31

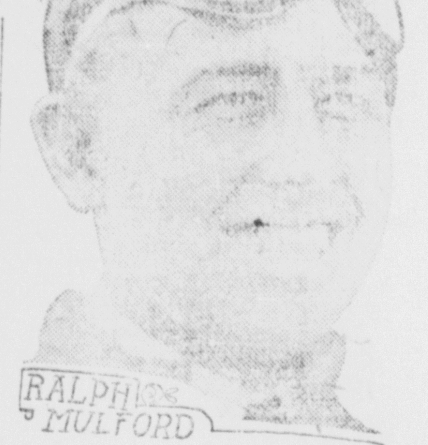

CLIFF DURANT

EDDIE PULLEN

**T**WO celebrated race drivers and a millionaire pilot of high speed cars, will be seen in action with the running of the world's greatest automobile racing classic over the historic Indianapolis Speedway, May 31st.

Cliff Durant is the only millionaire actually racing cars on the big speedway in the United States today. In order that he may increase his chances of winning the Indianapolis classic and the fat purse that goes to the winner, Durant has secured the services of that sterling pilot, Eddie Pullen, who has a long list of victories to his credit, the most noted of which is the world's road racing record of 87.7 miles per hour, which he established when he won the Grand Prize at the wheel of a Mercer car over the Santa Monica course in 1914. Pullen also won at Tacoma in 1912 and in 1915, he also finished second

RALPH MULFORD

sat behind the steering wheel of a big racer. "Smiling Ralph" as Mulford is known among the racing fraternity, originally sprang into fame as the driver of a Lozier, winning the 1910 road racing championship with this type of car, and capturing the Vanderbilt Cup race the following year. He also was the runner up in the first Indianapolis 500-mile race, giving Ray Harroun, the winner, a real battle for first money. Mulford was forced to change a tire near the finish or he probably would have won had this not occurred. As a race driver, Mulford displayed most of his skill in the big road races when that form of automobile racing was popular in America. With the highly constructed and speedy Frontenac, Mulford may surprise the dopesters by cutting a big figure in the running of the Liberty Sweepstakes classic on May 31.

## LIQUOR LEFT IN BOND WILL BE 50,000,000 GALS.

Prohibition Next July Will Find Comparatively Little Whiskey In Warehouses

Demand From Now Until July Rather Uncertain, Say Officials

Washington, March 7.—(By Associated Press) — National prohibition next July 1 will find only about 50,000,000 gallons of liquor in bonded warehouses, barred from disposition for beverage purposes, if the present demand for whiskey continues during intervening months. Officials who have observed the effect of high taxes in the past believe, however, that withdrawals from bond will decrease under the new revenue law, and that between 60,000,000 and 75,000,000 gallons will be left in warehouses, July first.

It is conceded that it is impossible to foresee the effect of approaching prohibition on the demand for liquor to be stored away by consumers, and officials say a big movement of buying even under the increased tax, may develop and leave the quantity of liquor left in bond smaller than the advance estimates.

The estimates do not take into consideration liquor which may be stored in cellars or attics of prospective consumers. Nor do they include stocks which wholesale or retail dealers may not sell before the prohibition wave catches them. These are not measurable by any official reports.

Revenue bureau officials calculate that at present bonded warehouses connected with distilleries, but under lock and key of government agents, hold less than 90,000,000 of the 200,000,000 gallons in stock when manufacture ceased September 9, 1917 under the food conservation act. Withdrawals in January and February have been less than 10,000,000 gallons or more in December, according to indications based on preliminary reports from revenue agents.

On January 1, 112,000,000 gallons of distilled spirits were reported in bond including 6,600,000 gallons not available for beverage purposes. About 35 per cent of those figures must be deducted as allowance for leakage and evaporation from barrels. On December 1, the latest date for which

denized figures are available, the stock of distilled spirits in bond was distributed as follows: Whiskey 108,846,000 gallons; rum 695,000; gin 2,338,000; alcohol 5,756,000; refined molasses or "high wines" 3,744,000; and brandy 2,316,000.

The normal rate of demand, measured by withdrawal from bond, had been between 4,500,000 and 6,000,000 gallons a month until last October, when withdrawals jumped to 8,358,000. In November there were 9,597,000, and in December it is estimated they ran over 10,000,000 gallons, while in January and February indications are that the demand probably was near 9,000,000 gallons. Most of this liquor was taxed when taken out of the bonded warehouses at the rate of \$3.29 a gallon. Under the new revenue act, the rate is doubled, amounting to \$6.58. Consequently the increase amounts to \$3.29 per gallon or 80c a quart, and the aggregate tax per quart is \$1.60.

By terms of the pending bill providing for enforcement of prohibition under the constitutional amendment effective next January 16, the President would be empowered to appropriate for government purposes, the stock of liquor left unused in warehouses. The price to be paid for this would be determined by agreement or by a special commission.

## RELIEF FROM CRAMPS AND INDIGESTION

People who knew Mrs. H. M. Kuhn, of South Webster, Ohio, as she was when suffering from severe spells of indigestion, can hardly believe that so quick a relief could be possible.

However, her statement herewith can leave no doubt as to the efficacy of the treatment she followed. She says:

"For two years I suffered with a most severe case of indigestion and constipation. I was often laid up in bed for from three to four days at a time, and suffered severely with pain in my stomach. I gained no relief until I tried Dr. Parker's Treatment for Indigestion and Constipation. Two boxes cured me. I am in better health than ever."

Dr. Parker says:

"I am more than ever convinced that no case of stomach trouble is too severe to be quickly relieved, as was Mrs. Kuhn. So give me 1 that I will, personally, guarantee the return of your dollar, if the first package of my Treatment does not help you."

## FROM FURROW TO PARLIAMENT

London, February 18.—(Correspondence of the Associated Press).—From ploughboy to member of Parliament, was the remarkable rise of Joseph Arch, who recently died at the age of 92. He was a unique figure in English parliamentary life, being in 1885 the sole working-man member of the House of Commons. At that time there was no kind of labor party in existence here.

Mr. Arch achieved fame as the champion of the English farm laborer when the tiller of the soil reared his family on a wage of \$2 a week, subsisted chiefly on barley bread and hardly knew the taste of tea or sugar. In 1872 he enrolled 200 farm workers in an organization that came to be known as the National Agricultural Laborers' Union, whose leaders the Bishop of London wanted to duck in a horsepond. "Adult baptism," Mr. Arch rejoined to the bishop's statement, "is not the rule of the Church of England." Mr. Arch is credited with having done more than any other man to improve the condition of England's peasantry.

He was popular in Parliament. One of his constituents was the Prince of Wales, afterward King Edward. He referred to Mr. Arch as "my member."

Mr. Arch also was a Primitive Methodist preacher. He was fond of his pipe and an occasional glass of ale.

## TOMMIES TURN ABOUT FACE TO RE-ENTER SERVICE

Additional Pay and a Labor Surplus at Home Combine to Give Boys of Britain New Morale

Boys Without Jobs at Home Resting Easy and Re-enlist in Army

London, March 1.—(By Associated Press Correspondent).—Thousands of the British army who recently became war weary that openly threatened mutiny unless they were soon discharged, have turned about face and are volunteering for the New Army, according to the military authorities, who assert that they are satisfied that there will be little difficulty in securing the 900,000 men who will do Great Britain's share in safeguarding the peace the Allies have won.

The causes said to have sent the men flocking back to the colors are the unexpectedly large war bonus offered to men who "take on" and the acute industrial situation. The first factor has been of prime importance in the case of boys from 18 to 21 who have been two or more years already in the army and who have no trade to fall back upon in civilian life. In the New Army they will be fed, clothed, and sheltered and draw a minimum of about five dollars a week as pocket money. They have quickly awakened to the realization that there is no such prospect awaiting them on a return to "civvie."

The industrial upheaval plays the main part in the decision of the older ones. In the first rush for demobilization no man was permitted to go who had not a definite offer of employment. The government did all in its power to make certain that such offers were bona-fide but in spite of every precaution thousands of men got their release on bogus papers. These men soon found themselves in an unenviable position. They could not get work and they faced some very uncomfortable inquiries if they applied for the out-of-work pay provided for those who are idle through no fault of their own. The recruiting sergeant was an easy road out of their troubles and that astute individual, who draws a bonus for each recruit, was not blind to his opportunities.

A third factor of minor but of real importance is the fact that numbers of men who have been home on liberal leave since the armistice was signed have discovered that they are not nearly so happy out of khaki as they imagined they would be. They frankly admit that they miss the companionship of the army, the lack of responsibility and the easy hours. Now that the war is over the army is resting on its laurels and in the great camps around England "work" is confined to one hour's parade a day with football games, paper chases and other sports to fill in the remainder of the time. That is a considerable contrast to eight or nine hours of monotonous toil in a shop or factory.

The army authorities have not so far made public any figures on recruiting but some indications are offered by the experience of two battalions in one of the largest camps in the south of England. In one unit, where all of the men had seen overseas service, more than 200 re-enlisted in less than two weeks. In the other, an "A4" battalion made up of boys under military age, more than 300 took the oath in the same period, a large number or the regulation period of twelve years.

## KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Step your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Harlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well known preparation has been one of the national remedies of Holland for centuries. In 1695 the govern-

ment of the Netherlands granted a special charter authorizing its sale. The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops" as she quaintly calls GOLD MEDAL Harlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Harlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

## Up to The Women

Women of Washington C. H. and Fayette county, if you want a Young Woman's Christian Association established as an auxiliary of the local Young Men's Christian Association and if you want to see this splendid institution thrive and become the center of community life in this locality you must come forward at once and show an active interest!

Now is the crucial time. The Y. M. C. A. board, realizing the present day trend toward community life and the necessity for providing for community activities, has offered to the women of the county an opportunity for the organization of a Y. W. C. A., with the use of part of their big plant for rest rooms and community gatherings and also their big "gym" and swimming pool two days and evenings each week, with the services of the "Y" physical director.

The intention of the men is to go just as far as the people of town and county wish in the realizing of this thoroughly equipped plant on North Main street for community purposes; for the carrying out of all projects for welfare work, moral uplift, civic betterment and whatever pertains to community interests. The idea is to make the thousands of dollars invested in this really metropolitan plant available to the men and women of our community as has never been done before.

The foremost project in the big plan now laid before the public is the establishment of this Woman's Auxiliary, as a preliminary to the permanent establishment of a Young Woman's Christian Association and as a nucleus for the community idea.

The time has come when women must say definitely whether or not they want to establish such an organization.

Classes were started Tuesday and while a number of young women enrolled for the beginning of the "gym" work there has been no general expression on the part of Fayette county women in regard to the plan.

If it succeeds women, not the few, but the many, must actively identify themselves with it; must lend a hand; must push and push hard, must boost and boost strenuously, must give and give generously.

It is now up to the women—the men have proposed and it is for the women to act—if the "Y" plant is to be broadened to cover the field of more general activities.

Women, if you are in accord with the plan, it is not enough to be passively in sympathy; you must enroll, pay your membership fee and do all you can to make it a success.

The opportunity is here now; the measure of its success is up to you.

## Rare Gift of Comedy

One of the wits of the theatrical profession once administered this rebuke to an emotional actor who was boasting of his ability to make his auditors cry: "Make 'em cry? Any onion can do that! But you show me a vegetable that can make people laugh."

A truth of no small significance lies beneath the surface of this remark. True humor is one of the rarest gifts that the gods bestow upon artist, writer or player. Only when in her most gracious mood does the fairy god-mother leave the divine spirit of comedy in her godchild's cradle. Especially rare is the gift of comedy in the votaries of the stage, by whom it is, largely speaking, regarded as inferior to that of tragedy. Nevertheless, there are a dozen onions behind the footlights that can make people laugh.

The humor of today usually seeks expression in farces, but the heights where true comedy dwells are difficult of access. And if the gift seldom descends on the player, it is still more rare among dramatists, which is all the more to be regretted, as good plays make good actors, and it is unfair to expect a comedian to be funny unless he is provided with suitable material. If the stage is to shine once more in the presentation of comedy, it is to the playwright that we must look and not to the actor.

Generally speaking, farcical humor enjoys a fleeting vogue, while comedy in its highest form enjoys long life. The "three-centuried wit" of Shakespeare has kept well, as a poet says, and this is true also of that of Sheridan and Goldsmith—vegetables who are still able to make people laugh.—New York Herald.

## POEM FOR TODAY

SWEETHEART, FOR YOU

What's the bird a-singing  
On the blossom limb?  
Singing of a sweetheart  
That's coming home to him!  
Even as birds were singing  
When the world was new:  
Calling, as the Spring calls,  
Sweetheart, to you.

'Tis the old love story,  
Sweeter for the years,  
With the joy of morning,  
And starlight in its tears,  
Tears in a love song,  
When a sky bends blue  
Sunlight and starlight,  
Sweetheart, for you!

Youthtime and lovetime,  
The robin and the dove,  
As when a maid first listened  
And a lad made love,  
Same world God gave us,  
With Love still pleading true;  
Spring's dream of Heaven,  
Sweetheart, for you!

So the bird seems singing,  
And Heaven the song would win;  
If so sang all brave lovers,  
Love's arms would take them in!  
For you Spring's brightest glory,  
Ambrosians o' the dew,  
And love's old, sweetest story,  
Sweetheart, for you!

## TWO FRENCHMEN HIDE WITHIN HUN LINES FOUR YEARS

Paris, February 10. — (Correspondence of The Associated Press) — The adventures of two French stragglers, Sergeant Lesquern and Private Levesque, who, becoming separated from their units after the battle of Charleval, remained in hiding for more than four years in German occupied territory are told in the newspaper La Victoire. In the early days of the war, civilians helped the two soldiers but as the German domination became weightier, they took to the woods.

They made their home in the forest of Saponne in the vicinity of Sedan. Their dwelling was a dugout so concealed that it was never discovered, although the forest which harbors wild bear and other game was a favorite hunting ground for German officers. The French stragglers lived on wild animals, hare and other game. One German who ventured into too close proximity of their dugout is also buried where he fell.

They made one attempt to escape in 1915, but on the Dutch frontier they were shot at by the German sentries and the sergeant was wounded, so the two returned to their forest. The severe winter of 1916 brought them terrible sufferings. They were snowed in and almost starved.

They owe their lives to an old Belgian poacher and smuggler who, throughout all the years of their adventures, helped them with provisions. They are now in a French hospital recovering from the effects of their privations.

## News of Interest to Women

Forty members of the Woman's Home Missionary Society of the M. E. Church enjoyed an all day meeting in the church basement, Wednesday, with Mesdames Scott Hopkins, Sarah Patton, Sharp-Davies, Will Pickering, Jess Cross, Will Reif, and George Cheney as hostesses.

The sewing of carpet rags for rugs for the Mission Schools occupied the greater part of the morning and afternoon before the program, which was opened by Devotions led by the President, Mrs. H. W. Willis, and prayer by Mrs. Elizabeth Cherrington.

The leaflets "Tithing" and "Missionary Troubles," were read by Mrs. Reif and Mrs. William McClain and the results of the terrible epidemic at Nome, Alaska were described by Mrs. Harry Rowe from an article on this subject in the Home Missions.

Preceding Rev. Cherrington's talk on the Centenary movement Mrs. Willis read the "Enigma."

Mrs. Williams Craig was welcomed into the society, and a number of the girls of the Young Women's Home Missionary Society were guests at the noon hour for an elegant basket lunch.

Several women who were unable to be present throughout the entire day attended the afternoon session.

Mrs. Frank Morris and sister, Miss Mable McCoy, of Jasper Mills, entertained at the Morris home on Clinton Avenue Wednesday evening in honor of three soldiers just returned, Spencer Reno, Doane Powless and Calvin Johnson.

The affair was thoroughly delightful, with Victrola music, games and contests adding to the pleasure of the evening. The green and white of St. Patrick's day were effectively introduced in the decorations and the dainty refreshments served. The guests were:

Misses Mary Cullen, Velma Reno, Mabel and Ruth Baldwin, Ruth Smith, Alice Reaser, Ethel Kneisley, Leota Hall, Mr. and Mrs. S. M. Oliver, Messrs Thomas and Ed Cullen, Spencer Reno, George Weaver, Clyde Smith, Charles Driscoll, and Emmitt Mickel.

Mr. Chester Straley, prominent young farmer of Jeffersonville, son of Mr. and Mrs. Rufus Straley, and Miss Morna Beatty, the charming daughter of Mr. and Mrs. H. F. Beatty of the Jeffersonville neighborhood were united in marriage at three o'clock Tuesday afternoon at the home of Dr. Hazard in this city. Rev. G. E. Grove, of the Church of Christ performed the ceremony.

The bride was wearing a becoming gown of navy blue satin, with cape coat of the same color, grey hat, gloves and shoes.

Mr. and Mrs. Straley go to house-keeping at once on the Straley farm west of Jeffersonville.

Both young people are favorites in a large circle of friends who are extending best wishes.

COURT AND MAIN STREET

Mrs. Raymond Godfrey gave a most delightful birthday party, Wednesday afternoon, in honor of her little three year old daughter, Elizabeth.

Ten small guests, Anna May Ward, Billie Dale, Inez Bell Butters, Lois Crone, Edmund Ford, Jack Wolfe, Helen and Elizabeth Burnette and Melba Godfrey, enjoyed the afternoon throughout, Melba Godfrey winning the prize in a peanut hunt.

Mrs. George Butters the great grandmother of the little honor guest was seated with the children at the head of the table, which had for its central decoration a birthday cake with three candles.

Mrs. Ray Burnett and Mrs. Harry Clark assisted Mrs. Godfrey.

The following cablegram was received today at the New York office of the American Committee for Devastated France:

"Enthusiastic meeting under pret of all organizations working in the Asine. Prefecture anxious to assure help to every sector. After meeting we were asked to extend our work and bring all possible pressure to bear in America to assist prefect in giving relief in other communes of Department. Vital that as much American assistance as possible should be poured into devastated Area. Settlement of peace terms and magnitude of reconstruction problem delays government help."

Future of France five years from now depends absolutely upon what is done during next twelve months to help her."

(Signed):

ANNE MORGAN

"This message is exactly in line with Mrs. William K. Vanderbilt's warning against the false reports that France does not need or desire our aid," said Miss Maude Wetmore president of the National League for Woman's Service. In addition to her patriotic work as organizer of the National League for Woman's Service, Miss Wetmore is vice-president of the American Committee for Devastated France.

"It is not true that the French wish American relief organizations to withdraw," continued Miss Wetmore. "Of course, the work of those organizations of a strictly war nature is almost over but the work of the American Committee must go on, because we are engaged in rehabilitation, which is an after-the-war problem."

"The committee is working under the express authority and at the request of the French Government. Both national and local French authorities have urged us to continue and expand our activities, and we hope and expect to do far more work in France in the next two years than we have been able to do during the whole war."

The C. W. B. M. held their regular monthly meeting for the month of March at the home of Mrs. Frank Morris on Clinton Avenue. After the business session, the ladies worked very diligently piecing, joining, knotting and finishing up a wool comfort for Devastated France. Dainty refreshments were served during the afternoon by the hostesses Mrs. W. E. Robinson and Mrs. Frank Morris, twelve members and three visitors being present.

There may be some folk in this community who do not know that the real art treasures—the pictures, the friezes, and pieces of statuary—which so richly embellish Washington's splendid High School building and add to both the beauty and the interest of its auditorium, halls and rooms, are all memorials left by High School Classes or its Glee Clubs.

And while all the glory of these gifts is not theirs, the Freshmen Classes of the Washington C. H. High School are entitled to a lion's share of the credit of placing these memorials. For eighteen years Freshmen have annually held home made candy sales, known as Freshmen Bazaars, the proceeds of which went to purchase these works of art.

There was keen rivalry in both the raising of the money and the selection of the memorial and the connoisseur appreciates how well the classes have chosen.

The Freshmen Class of '17 and '18 (this year's Sophomore Class) were forced to give up the usual Bazaar owing to the conservation of Sugar necessity and is now eager to raise the needed fund to add to the walls its memorial.

Instead of a bazaar the Sophomores are going to give a Saint Patrick's Day Carnival on Friday night of next week, March the twenty-first at the High School Building. The proceeds of this Carnival will be used for the memorial as other classes have used their candy sale funds.

The big High School gymnasium will be the center of Carnival activities, with seats provided for the guests while a splendid musical program is given. Two orchestras will fill the entire building with melody. The Sophomore colors, green and white, will be used in decoration and already plans for artistic designing of the festival booths is underway. At these booths will be sold home made candies, ice cream cones, popcorn balls and cakes.

Then there will be picturesque Oriental booths, where experienced palmists will engage in palm reading and a big "Fish Pond," which will be in charge of future members of the Fish and Game Association. The fish pond will be a big drawing card—a place to cast the line and get a "dollar's worth for a nickel."

That it will be popular with the Fish and Game Association is a foregone conclusion, for its a "sure thing"—every fisherman will have his "catch." All this is in the gymnasium.

The Domestic Science dining room will be transformed into a Coffee Room. It will be lighted by Japanese lanterns and at the pretty tables will be served coffee, tea, orangeade, cakes and an added dainty in Japanese Rice cakes, which have been specially ordered from the Van Tyne Shop in New York, one of the ultra exclusive Japanese Shops in this country.

Minstrel Side Show in the Auditorium will be a special attraction, which is included in the price of admission as well as the music program of the "gym."

Mrs. Haldee Van Winkle Coffman, History instructor, who has been the chairman of the Freshmen Bazaar ever since its inauguration, is the chairman of the Sophomore Carnival Committee.

The High School Glee Clubs will assist and former Freshmen are specially invited to interest themselves in and patronize this Carnival.

## EXCHANGES OF FRIENDLINESS BETWEEN FLEETS

Yanks and Britains Expressed High Regard One for the Other as Separation Comes With End of War

London, February 15.—(Correspondence of The Associated Press).—Officers and men of the Grand Fleet miss their comrades of the American battleship squadron which shared the war vigil of the British fleet. The text just made public of the message exchanged by the two forces when the American ships departed December 1, shows how strong was the friendship between them.

As the American dreadnaughts steamed away, the British command-in-chief signalled: "Your comrades of the Grand Fleet regret your departure. We trust this is only temporary, and that the interchange of squadrons from the two great fleets of the Anglo-Saxon race may be repeated. We wish you good-by, good luck, and that you will have a good time and come back soon."

In reply came the following: "Your friendly and brotherly signal of God-speed is deeply appreciated by the officers and men of your Sixth Battle Squadron. We will never forget the hospitality, which has made us feel a part of your big family, and we intend to maintain that relation for all time. We all hope to serve under your command."

The use of the word "your" was lost upon no one in the Grand Fleet, least of all Admiral Beatty. Another message was immediately sent:

"This is indicative of the intimate brotherly unity and sympathy which exists on both sides of that great ocean highway, the Atlantic, and, as it is not joined by land, is kept warm and alive largely by men of the sea."

To which the American squadron made answer: "The officers and men of the Sixth Battleship Squadron appreciate more than can be explained the never-ending hospitality of the officers and men of the Grand Fleet. We leave with close recollection of our happy stay in these waters, and with hope that we may soon renew the firm friendship that has grown up amongst us."

## TO ASK INCREASE IN RATE CHARGED FOR ELECTRICITY

At the noonday luncheon of business men, held at the Y. M. C. A. Thursday, and attended by some 30 local business men, General Manager Gross, of The Washington Gas & Electric Company made a short speech, in which the matter of an increase in commercial lighting rates was taken up.

Manager Gross stated in effect that the present rate for commercial lighting, or private lighting, was not sufficient, in view of increased production costs, to permit the firm conducting the affairs at a fair profit, and indicated that the matter would be placed before the city council in the near future with a view to obtaining an increase that would permit of the company making a fair profit.

## JAP UNIVERSITY TROUBLES AIRED

Tokio, February 5.—(Correspondence of the Associated Press).—For a year the Doshisha University at Kyoto, founded by Joseph Neeshima and in part financed by the American Board of Commissioners for Foreign Missions has passed an unhappy year marked by disagreement among trustees and students over the president, Dr. Harada.

The latter is well known in America. The troubles of the university are constantly in the press. The last report is that Professor Nitobe of the Tokio Imperial University, is to take the presidency on his return from America and France.

## SHEEP RAISING ON LARGE SCALE

Charleston, W. Va., March 13.—(By Associated Press).—State of West Virginia has decided to engage in the raising of sheep, in conjunction with A. E. Aegen and C. M. Croft of Grove City, Pa., and Charleston, and other business men of this state.

James H. Stewart, State Commissioner of Agriculture, is authority for this announcement, claiming that his department is lending encouragement and financial assistance to the establishment of the greatest agricultural project ever attempted by the state. The ranch is to be located in Greenbrier county and will take in 18,121 acres.

F. M. Glenn, sheep expert of the department, is enthusiastic over the plan and says that the ranch will be established in a narrow belt of West Virginia which produces the finest fleeces in the world.

## WHISKEY STORED IN THE ARCHIVES

(By Associated Press) Charleston, W. Va., March 8.—Three quarts of whiskey—rye, bourbon and Scotch—will be placed in the archives of West Virginia for the reference of future generations; in event Governor John J. Cornwell signs a bill recently passed by the Senate and concurred in by the House.

Passage of the bill was secured, it is said, by pressing upon the Senate the fact that John Barleycorn is due to draw his "last breath" in the near future, and that, as whiskey will become but a thought of the past, it would be well to place three samples in the state archives, so that generations to be may look upon them and say "We have seen it."

JEWS ACTIVELY PREPARING FOR AN EARLY BALLOT

Great Britain to Become Trustee Over Palestine Where the Jews Have Been Active Since War's End

Jerusalem, February 20.—(By Associated Press Correspondent)—A call to a Constituent Assembly of Palestine Jewry approved by the British Government in April, 1918, has been sent out by the Zionist Commission in Palestine, it was announced here today.

All Jews of both sexes who have reached their twentieth year are entitled to vote and all who have reached their twenty-fourth year are eligible for election. One of the other qualifications necessary for candidates is that they be able to read, write and speak Hebrew.

The Provisional Constituent Assembly elected Dr. Chaim Weizmann and Mr. Nahum Sokolow, the Zionist leaders, to represent them at the peace conference.

It instructed its delegates to urge: "That the Powers should nominate Great Britain as their representative or Trustee and should confer on it the government of Palestine with a view to aiding the Jewish people in building its Commonwealth."

"That an executive Council should be nominated by Great Britain in agreement with the World Zionist Organization representing the entire Jewish people."

There has been great activity among the Jews of Palestine since General Allenby freed it from the Turk. Efforts are being concentrated on procuring agricultural machinery, the purchase of live stock, and development of credit facilities, while the American Zionist Medical Unit is establishing hospitals and medical stations in the colonies. Everyone seems inspired with the hope that a splendid era of prosperity, of big agricultural, industrial and commercial enterprises are about to open out. A society of Jewish engineers has been recently started which is working in conjunction with societies of Zionist engineers in Russia and the United States.

300,000 HOMES FOR WORKERS IS NEED OF AMERICA

Shortage of Houses is Widespread and Plans Are Being Considered for Relief

London, March 11.—(By Associated Press Correspondent)—This country needs immediately at least 300,000 dwellings for its working classes, according to Dr. Christopher Addison, President of the Local Government Board, whose housing scheme has just been approved by the British War Cabinet. A bill outlining his ideas is to be presented soon to the House of Commons.

"The most acute question of the moment," said Dr. Addison, in explaining his proposals, "is the shortage of houses. The government wants local authorities to move at once and therefore a time limit will be put on government aid." State assistance, he continued will be given only within the next twelve months to schemes submitted to the local Government Board and which must be carried out within the next two years.

Housing commissioners are being appointed to help the various authorities, each commissioner to have a staff including an architect and a surveyor.

Fittings are to be standardized, "but this does not mean," Dr. Addison's statement says, "that houses are to be built on one pattern. The government is anxious to avoid any such sameness. There will be plenty of scope for individuality, to suit local conditions and raw materials."

An entirely new proposal is put forward with regard to slums, the same financial system is given for clearing and improving insanitary areas as for building new houses on new sites.

MRS. M. E. INGALLS DIES IN NEW YORK

The Cincinnati Enquirer of Thursday announced the death of Mrs. Melville E. Ingalls, widow of the former President of the Big Four and Chesapeake and Ohio Railroads, and an aunt of Mrs. Frank L. Stutson and Mrs. Bertha S. Miller of this city.

The Enquirer says in part: A telegram stated that Mrs. Ingalls died in her apartments at the Plaza Hotel New York at 2:40 o'clock yesterday morning.

Mrs. Abbie Stimson Ingalls was born in Maine 70 years ago. She was a woman of gracious qualities, noble character and hospitable nature. She was a liberal patron of the various charities and enjoyed the esteem of a large circle of friends.

For many years her husband was one of the most prominent citizens of Cincinnati. He died at Hot Springs, Va., in 1914.

Mrs. Ingalls is survived by one daughter, Mrs. Arnold Robertson, whose husband is head of the British Legation at The Hague, and four sons. The sons are Melville, Ingalls, Jr., a prominent lawyer of New York and manager of a health resort at Hot Springs, Va.; Albert Ingalls, Cleveland, one of the general managers of the New York Central Lines; George Ingalls, of Chicago, traffic manager of the New York Central Lines, who married the daughter of the late Howard A. Hinkle, of Cincinnati, and Fay Ingalls, New York, capitalists and business man, who married the daughter of the late Daniel H. Holmes, of Cincinnati.

Mrs. Ingalls, before removing from Cincinnati to the East frequently visited her relatives here.

Mrs. Miller joins her sisters, Mrs. Wm. Simpson and Mrs. George Allen, enroute from Chicago, Friday morning to attend the funeral which will be held Friday afternoon at two o'clock at the Unitarian Church, Avondale, Cincinnati. Mrs. Stutson is just recovering from an illness but will accompany them if possible.

A TEN-YEAR-OLD YOUNGSTER HAD WOUND STRIPES

Belgian Boy With U. S. Marines Attracts Widespread Attention in Paris

Paris, February 17.—(Correspondence of the Associated Press).—A youngster of 10 created a sensation in the reading room of the Knights of Columbus Club in Paris recently by appearing before the assembled Yankee soldiers garbed in the uniform of an American marine, with two wound stripes and three service stripes on his sleeves.

More than a year ago some of the marines were stationed in a little French village when a little Belgian boy came to their camp. He was received with open arms, and when he told them the story of how his mother and father had passed away, they adopted him as the mascot of the regiment, Jean Moyeaux has been with the Marines every moment since that day when the little refugee, hungry and lonesome reached the camp.

During two engagements the little Belgian boy was wounded, and one of his little legs is crippled. He walks with a limp, but he always hopes that he will sometime be able to walk as straight as his friend, the Corporal. The Corporal adopted the youngster, and soon he was loved by every member of the 13th Regiment. He is a clever youngster and in the past year has learned much of the ways of the American.

One of the young men at the Knights of Columbus club asked him why he did not have sergeant's stripes. "Corporal he make me 1 uniform now for promenade. When me promenade me wear sergeant's suit. Then me boss Corporal. My fadder and mudder mort now. Corporal he fadder to me. Will go to American with Marines."

There were tears in the eyes of many of the soldier boys who were gathered at the Knights of Columbus club. They had been through much, but this little figure with the two wound stripes and the warped limb gave them just another incident of the horrors of the German attacks in France and Belgium.

Little Jean Moyeaux will go to the United States with his Corporal and the Marines. The captain loves the little youngster. And every man in the regiment would fight for the Belgian boy who has learned to love, and who has learned to know the American soldier as he really is.

YOU CAN MAKE YOUR SHOE BILLS LESS

From Globe, Arizona, comes this recommendation of Neolin Soles. "I have never had my Neolin-soled shoes repaired as the soles always outwear the tops. The position I hold keeps me on my feet most of the time, and I can say that for comfort and wear Neolin is the only shoe sole." Millions of others who have worn Neolin Soles think with Mr. Medlyn that they are the only soles for wear and comfort. Moreover, these soles cut your shoe bills down because they make your shoes last so long. They are waterproof too. ## PARRETT SUSPENDED PENDING A HEARING OF CHARGES FILED

Relative to the contest under way in Ross county to oust Major Geo. C. Parrett from the Infirmary superintendency, the Chillicothe Gazette says "George C. Parrett, County Infirmary Superintendent, is temporarily suspended and charges of 'alleged misconduct, neglect of duty, etc.' will be placed against him, subsequent to a motion passed by the County Commissioners, in their game of 'Who's It' at the County Infirmary."

"Just a few days ago the State Civil Service Commission held that the office of Infirmary Superintendent was not vacant and what the County Commissioners held was Parrett's resignation—an expression made last fall—, was not."

"At the meeting of the Commissioners of the county, they accepted the letters from the State Civil Service Commission setting forth the above information and passed the following resolution under the caption of 'Sus-

pension of Infirmary Superintendents' "Upon the motion of Mr. Vause seconded by Falter, the prosecuting attorney was instructed to prepare and present to George Parrett, Infirmary Superintendent, a copy of charges alleging misconduct, neglect of duty, etc., and that Mr. Parrett be and hereby is suspended pending the hearing of such charges and that the prosecutor take the necessary steps for the prosecution of such charges before the State Civil Service Commission. Upon roll call Messrs. Vause, Falter and Free voted aye."

"When the county commissioners recently voted to accept Parrett's resignation, same to be effective March 1, 1919, they elected James Watt, of Union township, to fill the place temporarily. Watts moved in, but Parrett didn't move, so both men acted as superintendents, both men ate at the same table, and both lived in the same house. Watts had his bond fixed and consulted with the commissioners several times about the matter. He stated, concerning the controversy 'It's not my fight, it's up to the Commissioners and Parrett. They put me in and now it's up to them to put Parrett out.'"

"And the commissioners did get busy for the purpose of putting Parrett out with the result that they got the two letters from the State Civil Service Commission with the ruling that that board held that Parrett had not resigned."

"Mr. Parrett in discussing the matter with a Gazette reporter stated that the whole thing began last fall when he was approached with the fact that charges would be filed against him. He said that in order to try them out, he told them that he would resign the first of March, 1919. He stated that he knew that if it were not a game, the fact that charges would be preferred because there were just grounds for them, would not be delayed six months—for would the commissioners wish to perpetuate an evil by retaining a man six months who was guilty of anything that furnished grounds for charges that would result in his dismissal?"

## FORMER GIANT

DAVE ROBERTSON

Dave Robertson, former star of the New York Giants, is anxious to become a member of the Washington Americans, according to a report received here. Robertson retired from the game last year. It is said that Manager McGraw, of the Giants, is willing to let Robertson go, but it is a certainty that several National League clubs will refuse to waive claim on him, which will blast the hopes of the Senators.

## EUROPE BALKS ON THE MONROE DOCTRINE CHANGE

(By Associated Press) London, March 13.—The efforts of Oscar Straus of the American League to Enforce Peace to have the League of Nations Union favor an amendment to the league of nations covenant designed to safeguard the Monroe doctrine failed yesterday. The French and English delegates, who dominated the conference, pleaded that the subject was too far-reaching for quick action, while the Chinese protested that it too vitally affected them.

Mr. Straus proposed an addition to article 19 providing that should two states threaten war on each other the nearest great power "in the first instance" was obligated to step in without calling for the assistance of the other great powers. Should this power fail, then it would be a matter for the entire league's fighting forces to handle.

The British proposal that article 16 be changed to make any nation which breaks the covenant ipso facto at war with all the other members of the league rather than merely committing an act of war as the covenant provides, was defeated on the plea of Mr. Straus who maintained that it conflicted with the constitution of the United States. Whereupon the other delegates said they were glad to drop the matter as they were unwilling to arouse further feeling in the United States.

The French and British societies presented many proposed changes but those agreed upon were relatively unimportant. The delegates will make use of the points brought out in the present discussion and the decisions reached in advising the various peace commissions when the covenant comes up for further consideration at the peace conference at Paris.

### NEGRO SHOT BY MOB.

Valdosta, Ga., March 13.—Joe Walker, a negro, charged with having shot a watchman at Greenville, Fla., was seized by a mob and shot to death yesterday while being taken to Madison, Fla., for safekeeping. The mob confronted the officers and demanded the negro, shortly after the party left Greenville.

## PRICES IN THE RHINELAND WILL STAY FOR YEARS

German Economists See Continuation of High War Prices Indefinitely

Coblenz, February 16. — (Correspondence of The Associated Press)—It will be many years before prices in the Rhineland will fall to a pre-war level, according to German economists, a view shared by officers of the Third Army of Occupation, who have been detailed to study the situation. Since the armistice was signed there has been a general increase in prices with but few exceptions to show a downward trend.

In certain classes of the population there was a hazy notion that a sudden fall in the prices of all necessities would take place at the end of the war. It appeared to be based on nothing more than an impression that conditions in the coming peace time would be practically identical with those before the war, and buyers of finished iron products such as machinery, hardware, field and garden implements and steel wire have not placed their orders. A consequence has been a hesitancy on the part of manufacturers to make the efforts to reach their old marks of production, incidentally leaving unemployed thousands of discharged soldiers.

Reasons given why lower prices are not to be expected are the increase in the cost of raw materials, the higher wages demanded and the eight hour day.

Advances in the prices of coal, coke, steel, iron and lead were registered

on the first year making it reasonably certain that still higher prices will be charged for finished products. On account of the scarcity of coal many factories remain closed without sign of early reopening.

## "HI-Y" BOYS MEET ENJOY EVENING

The "Hi-Y" club met at the Y. M. C. A. Wednesday evening in regular weekly session. Over three score of the High School boys were in attendance.

An excellent supper was prepared by Mrs. Will Rogers, Mrs. Elmer Edwards and Mrs. Phil Davis. They were assisted in serving by four of the High School girls, Susanna Mitchell, Ho Shobe, Rosella Fry and Geraldine Samson.

Rev. Barre made a short talk to the boys after which the freedom of the gym and the pool was extended to every one.

The meetings are proving very beneficial to the boys and are especially inviting because of the appetizing meal which is served each session.

## MAKE PLANS TO SUPPRESS BANDITS

Mexico City, February 10. — (Correspondence of The Associated Press)—Most of the generals of division of the Mexican army in active service attended a recent conference at the National Palace with President Carranza, to formulate a campaign to suppress rebels and bandits in Mexico long before the opening of active political campaigns for the presidency in the 1920 elections. It is hoped that by suppressing all outlaws, both the presidential campaign and the aftermath will be without disorder.

## MEN OF LETTERS IN FRANCE ARE HARD HIT BY WAR

Paris, February 15. — (Correspondence of The Associated Press)—That French intellectual classes have paid in lives to a fearful extent in the war was disclosed in the casualty returns now being analyzed according to professions, is stated in the Paris Journal Transatlantique. The records show that 6227 Frenchmen prominently engaged in educational pursuits have been killed on the battlefield.

Paris alone, the paper adds, has lost 3375 students of different universities and colleges, besides 356 journalists and men of letters. The figures for provincial towns are not yet available, but they are said to be very large.

Since August 2, 1914, most of France's great educational institutions have been practically closed down, and a few elderly professors and a limited number of younger men, physically unfit for military service, remaining to keep the lamp of knowledge burning.

L'Esclap, another Paris daily paper, in an editorial demands quicker methods. It says that French culture is in danger of losing its leading position if the process of putting the teaching elements back into their proper spheres of activity is not at once accelerated.

## DOCTORS HAND OUT LIVE TIPS

Take Public Into Confidence

Prominent physicians claim people fail in life because of "nerve hunger" that it is the active, bright-eyed, strong, nervous man or woman who is "there" at work or play.

Strong, well nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, waste nerve strength and energy and fail to store up reserve force, afterwards they only exist, life has no joys. Without energy, ambition, strong nerves, and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'Nerve-weakened' people, that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you need Phosphated Iron to brace, build you up and put you on your feet again."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put on in capsules only, so do not allow dealers to substitute any pills or tablets.

# Reading advertisements has helped to make this a united country

Jim Hawkins props his feet on the rose festooned porch railing in an Oregon suburb and reads the same motor car advertisement that Cousin Peter is studying as he rides home from work in the New York subway.

In Arizona you can buy the same tooth paste and tobacco that are used by the folks in Maine.

California fruit growers advertise their oranges and lemons to the people of the East. New Hampshire factories make ice cream freezers for Texas households.

There can be no division in a country so bound together by taste, habit and custom.

You can meet up with anybody in the United States and quickly get on a conversational footing because you both read the same advertisements.

Advertising is the daily guide to what's good to buy.

Advertisements give you the latest news from the front line of business progress.

Reading advertisements enables you to get more for your money because they tell you where, what and when to buy.

And it is a well-known fact that advertised goods are more reliable and better value than the unadvertised kinds.

## CABLES FROM EUROPE URGE PROMPT RELIEF

American Red Cross cables from Europe urge immediate relief for hundreds of thousands abroad who are in need of clothing—consequently the American Red Cross has planned a campaign for the collection of used clothing for the joint benefit of all European countries except the Central Powers. This campaign will be conducted in the week of March 23d to the 31st.

The plan to be followed is the same as the one which has been so successful in the collection of clothing for Belgium. On previous occasions the Red Cross has been responsible only for collection of clothing and the delivery of the packed goods to the railroad. In this campaign the Red Cross will assume entire charge of the operations from the time of collection until the delivery to the ships of the European Relief Administration, which will transport it to Europe. In countries where the Red Cross has no organization, Mr. Hoover has offered to have his food representatives take charge of this distribution.

Thus the responsibility for the campaign will be on the Red Cross from the time of the collection of the clothing to the time of its ultimate distribution in Europe.

It is very important that the chapters of the Lake Division immediately arrange plans for the conduct of this campaign and perfect a thorough organization. Nothing is more important than wide publicity and the selection of a competent person to conduct the campaign in each chapter.

Every kind of garment for all ages and both sexes is urgently needed. It is equally important that the chapters avoid the collection of garments which are utterly useless for relief purposes and should not be included in any parcel.

The contribution of such articles which cannot be sent abroad unnecessarily increase the expenditures of Red Cross money. Garments need not be in perfect condition.

RAY KEATING

Ray Keating, who pitched for the New York Yankees last season, is now a member of the Boston Nationals. Keating notified the New York club that he believed he could connect with the Braves in the event that he was not to be included in the Yankee squad and was given permission to do so. The result was that George Washington Grant, now owner of the Boston club, purchased Keating's release from the Yankees. Keating played with the New York club years ago, when Frank Chance was manager, also during the regime of Bill Donovan. He was recalled from the minors last year and played the latter part of the season.

## LAST SCHEDULED GAME OF SEASON

The Washington High basketball team will play the last scheduled game of the season Friday evening, when Wilmington will appear on the local floor.

Wilmington was defeated by Washington earlier in the season, and the boys are expecting to finish up a successful season with another decisive victory over their opponents.

An added attraction for the evening will be the game between the Girls Varsity Team and the Girls team from Wilmington. The Washington girls suffered a defeat at the hands of the Wilmington team in a previous encounter, but the girls will try to make up for this defeat Friday night.

A large crowd is expected to be on hand to see Washington's cup winning team in action for the last time this year.

## ALLIES AGAIN FORCED BACK

(By Associated Press)

Archangel, Tuesday, March 11.—The allied Vaga column yesterday withdrew north from Vistavka to a new position. Headquarters announced that the withdrawal was completely successful, allied troops bringing out most of their war material and destroying the remainder and completely leveling the ruins of the village, which Bolshevik artillery partly wrecked.

Archangel, March 12.—The Bolshevik forces adopted new tactics last night, carrying out a night bombardment of the allied positions on the railway front. The enemy shelled these positions from 11 o'clock until 1 in the morning without doing any damage.

Quiet prevails on the Vaga and other sectors.

Vladivostok, March 12.—The desperate condition of enemy prisoners and return Russian prisoners in Siberia is occupying the attention of the British and Canadian authorities. Proposals are under consideration by which the Canadian Red Cross would assume charge of the situation.

Five car loads of supplies already have been shipped for the prisoners, but immense shipments will be necessary to relieve 200,000 enemy prisoners and 300,000 returned Russians.

The British Red Cross unit in Siberia has been demobilized and the Canadians are carrying on the work.

## OFFER REWARD OF \$500 FOR ARREST OF THE MURDERERS

The County Commissioners of Hillsboro county have offered a reward of \$500 for the arrest and conviction of the man who murdered John Moses, Hillsboro merchant, whose body was found in his place of business Tuesday of this week, with the skull crushed from blows from a hatchet.

The reward, it is understood, will be increased to \$1000 by the Business Men's Club of Hillsboro.

It is stated that a search has disclosed that the object of the murder was not robbery, as all funds have been accounted for, and the authorities are at a loss to fix a motive for the crime.

Finger prints found on a window through which the murderer made his escape have been photographed and will be used to identify any suspects.

Moses had sent money regularly to his family in Syria, and during the last month had sent \$235 to them.
